"My worth is priceless based solely on my Creator. This truth is a great equalizer, because it's true for all. My worth is not more or less than anyone else's. We are nothing except what we allow Christ to be in us. I have nothing to offer apart from Jesus - yet, I have unlimited potential in Him!
my worth comes from my image, wealth, and intellect...
low self worth and the lies that come with it...
I am better than others
I am less than others
